Winter Beauty Guide

Winter weather can be harsh on your skin and hair, and while everyone knows that moisturizing is important, there are many new and noteworthy products that go beyond the beauty options previously available.

Charme Skincare System

Charme low Ph H2O is an at-home misting device that was developed to treat numerous skin conditions including acne, eczema, rosacea, rashes and others with a soothing spray. With gadgets like these, your bathroom becomes an instant spa (system \$399, solution refills \$20; 212-486-1539 or 310-275-6453).
